The Anderson Family

Missionaries Serving in Mexico Since 2012

July - August 2018

God is Great!

Thank you for your continued prayers and support during 2018! We are very excited about what God continues to do here in the work!

Manuel and Emiliano are two young men who have finished with their Bible Seminary classes. They truly have grown into men that love God and you can see God preparing them for a bright future! They are currently Assistant Pastors in the first church plant. We have plans to start a 3rd church plant in the near future! Please be praying!

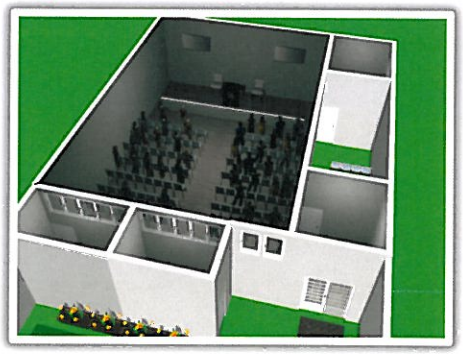
Also, please be praying for our family as we have been sick quite a bit this year. My wife should be giving birth to our 5th child any day now!

Building Project 2018

Also, please continue to pray and give for the New Life Building Project!

Money Given: 13,227

Money Needed: 7,937



Thank you for your support!
