## Dear Prayer Partners,

Thank you so much for your prayers and support as we press forward on the deputation trail.

### Vehicle Repairs

On our way back from a meeting in northern Wisconsin we ended up on the side of the road due to a flat tire. Thankfully the spare was in good condition and we limped to a tire shop where we had it replaced. Reliable transportation is something that can never

be taken for granted, especially by missionaries on deputation. I am very thankful for our trusty Toyota which the Lord has provided for us. This month we went ahead and did some preventative maintenance and repairs. I am thankful for a friend helped me do a tune up, transmission flush,

replace the struts and a couple other projects. Lord willing this will keep our car running better and longer as we rack up miles on the road.

### Support Update

We are thankful for another church who has committed to partnering with our ministry. We are extremely thankful for each of you who have faithfully invested in us as we endeavor to reach the regions beyond.

### Ministry Updates

In addition to our meetings we have had opportunities at our home church this month. While we endeavor to be on the road, we are thankful for every opportunity to be home and be encouraged and challenged in

our own personal life.

The last week of August we accompanied the High School from our home church on their school camp in northern Wisconsin to

help with the meals and program. It is a blessing to invest our lives in the next generation.

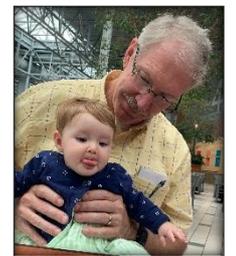

Please continue in Peru. The 20<sup>th</sup> hosting a youth followed by a spiritual warfare conference the 22<sup>nd</sup> -25<sup>th</sup>. ### Family Happenings

On Saturday Ann and Elsie flew up from a missions conference we were at in North Carolina to be at her grandmother's funeral in Minnesota. Her parents and sister flew back from Japan and her whole family was able to be together for that time. I finished out the conference and

drove up to meet them there. In the midst of the heartache we were thankful that we could spend some time with them while Grandpa Smith got to meet his granddaughter for the first time.
