Dear Praying Friends, and Fellow Laborers,

PRAYER REQUESTS: Our daughter in law, Wendy Tinsley has leukemia, and other ailments, and needs much prayer. She teaches SS at New Manna Baptist Church, but usually in pain. Also, Duane, our son, and Wendy have full custody of a once much neglected boy of 5 years old, and he has MD, and is in and out of doctors offices. His name is Kendrick. Oleen and I are having health issues and covert your prayers as well. Please continue to pray for Michael, son of Mark and Ula, who is autistic. Josh Tinsley, Duane and Wendy's son is a prayer warrior, but needs help in this area of prayer. Kendrick's mother is having a check up for possible cancer, and needs our prayers. Pray for the Rehabilitation Center at Autumn Care, in Marion, NC. Some of these people have very serious health problems. Finally, please do continue praying for the churches in Cyprus.

MINISTRY: I have meetings every month at Blue Ridge Terrace Apartments in Marion, and still teach a Bible lesson at the Autumn Care Rehabilitation Center every Sunday in Marion, NC. I also have a ministry at the Burke County Mission Station in Morganton, NC. I am available for preaching meetings, and especially concerning missions. Our Ph: **(828) 205 2058** where you can contact me for meetings.

Still serving Jesus, assisted by your faithful prayers, and financial support,

The Tinsleys
