## Missionaries to Wales

Dear Pastors, Churches, and Friends,

The month of January took us to several new churches throughout South Carolina, North Carolina, and Virginia and allowed us to meet many precious brothers and sisters in Christ. I even had the opportunity to preach and present to a congregation of Cherokee Indians and to hear them sing hymns in their native language. It was a beautiful and unique service, and we're so thankful for every door the Lord has opened on our behalf. Our winter/spring schedule is filling up, and we're excited to see what the Lord has in store for us in each new location.

As we've traveled over the past several months, we've noticed a decline in church attendance as a whole. Churches are not as full as they once were and some are even on the brink of closing. As we witness this falling away, we can't help but wonder if this is what happened in Wales so many years ago that has earned it the nickname "the land of closing churches." We pray each day that God will not only send a revival to Wales but also that He will revive the churches in America.

Our prayers are with each of you as you strive to do your part to reach the world for Christ. We want you to know how much we appreciate your love and support, and of course, your prayers. But we also want you to know that you are in our thoughts and prayers. We're all in this work together!

The Bible has much to say about waiting on the Lord, and He seems to be working diligently in that area of our lives where the house is concerned. Due to circumstances beyond our control, the electrical repairs have been postponed until the middle of February, so it will be close to another month before the house is ready to go back on the market. This means more waiting and a lot more praying that God will continue to lead us in the right path and that we do not seek shortcuts in our impatience. We know His way is best and His timing is perfect. The Lord is working all things for our good.

In Christ's Hand,  
Jason and Dana Rongione
