Dear Pastors and Praying Friends:

Already the year has started out with Gods blessings. I am excited about what he is going to do. A few weeks ago a family, Husband and wife, joined the Church. They had come off and on for a few years but recently started coming regularly. They started out by taking over the cleaning duties of the Church. Every Tuesday evening they come and clean the whole Church. He is also interested in the jail ministry and is a licensed plumber. He is going to do the plumbing for our handicapped bathroom. It is wonderful to have people in the Church willing to serve. A man that was saved during our Thanksgiving service wanted to get baptized. All but the younger children in the family have been saved at the Church in the past year and he brought them all to Church and had them all get Baptized. He has 6 Children. They have been coming to Church regularly. He also plays the guitar although he played in a rock band when he was younger. I am praying that the Lord will redirect his talents to get involved with our music program at Church. Our teens are now going out into the community to knock on doors and invite them to Church. Several showed up last Saturday to do this. They are doing a great job and growing in the Lord. One teen, who gave the testimony on the video I emails to everyone on my email list, was saved a year or so ago. She brought another teen that eventually was saved at Church. Last Sunday that teen brought another teen to Church. She hasn't been saved yet but we are praying she will be. I am certain she will accept the Lord. There is also a chance to reach her whole family. Kevin and I are going to see them today.

It looks like sickness that has ravaged our Church attendance in the past few months is about over. Our folks have been coming back and the attendance has picked up considerably. There is a little irony here though. We had a family go to China to visit their daughter and her family who are planting Churches in China. They went as the coronavirus hit China. They barely got out of China right before they started travel restrictions. Now while everyone here in the states was getting the flu and getting sick this couple stayed healthy with not even a cold.

Please continue to pray for us as we work to reach the Chippewa Indians for the Lord. Thank you for all you do for us. May the Lord bless each of you.
