

# The HORTONS

MAHLON AND AUDREY HORTON—SPRING—2020

A BIG Thank You to our Dear Supporters who so faithfully stand with us in support and prayers day in and day out.

We used the word Changes in our last prayer letter heading, never dreaming of the future drastic changes all of us are experiencing right now.

So what has been happening to the Hortons? We are thankful that prayers were answered concerning our last letter as Humana has had no more Denied papers coming to our mail box and has come through concerning our medical bills. God has given the time for healing and the time for good meetings in the winter months. We give Him the glory for scheduling our lives.

Now, like many of you, our travelling has been curtailed as church services have been largely shut down. Yes, we are dwellers of two countries and minister in both. We had planned to return to Canada in April. But God started changing our plans. We were counselled not to come back to Canada until the virus outbreak settled down— instead the outbreak numbers are going up and the border is shut down. Audrey is also waiting for her dental bridge to be finished and installed when the dentist's office reopens. We are in LIMBO. Prayers needed for guidance.

There is much talk about our invisible enemy, the Corona Virus: Covid-19—that is why we are having all the physical restrictions placed upon us. Satan, the invisible enemy we constantly battle with, is also busy with his wiles. Only God knows what Satan is trying to achieve right now. God instructs us to be clothed with His armor as described in Ephesians 6 to be always protected against Satan's wiles.

We are praying that the ongoing spiritual battle we have asked prayer for in past prayer letters—the victims of Satan's guiles— will have the scales removed off of their eyes so that they will see how they are being used by Satan, the father of all lies, and repent of their sin and rebellion to God and turn from their wicked ways.

Committed to His Service,

*Mahlon and Audrey Horton*

Mahlon & Audrey Horton

15405 E. Hwy. 27, Newville, AL 36353
