

**I have set thee to be a light of the
Gentiles. Acts 13:47**

FAMILIA ENCINA CÁCERES

MISIONEROS A ECUADOR

PRAYER REQUESTS

- Thank you for the churches that continue to pray for us and support us.
- Because of my wife's pregnancy, the growth of our babies and the life of our daughter Macarena.
- Through the process of raising sustenance, so that God opens doors to continue with it.

Dear Friends,

In the month of May I was able to give an update of our ministry to the Liberty Baptist Church where pastors Jason Holt and Francisco Barra serve during their inline missions conference. It was an opportunity to talk about the ministry and plans that we have for when we arrive in Ecuador.

We were also able to teach in the New Life Baptist Church of Catro in the south of Chile with pastor David White. Dios is greatly using them there! They are a very special family to us as we worked together in Santiago for several years. During the week we were able to teach the men at Callao Baptist Church of Lima, Peru with pastor Luis Benites. It was a special time to see the labor of the men to come together. We know that in many places the people can't come together physically but we see their effort to continue forward in teaching and preaching. This month we did a couple of interviews with pastors Jason Kenney and Fabian Maturana through Facebook. The purpose was so that others might get to know our sending church.

During the week we are meeting with a couple from Life Baptist Church via Zoom to disciple them and help them strengthen their marriage. My wife, Mariela is helping the young mothers of Life Baptist Church teaching them about motherhood. She also is discipling a couple of ladies staying in touch with them throughout the week.

Our desire to be in Ecuador continues to grow. We understand that the current situation has complicated the timing of our plans, but our plan to reach Ecuador and plant churches continues just like the first day. It is for this reason we are praying to be able to continue to visit churches once the pandemic ends.

Also we would like to share the new that we are expecting! We are very happy, but what really makes us happy and surprised is that we are expecting Twins! The doctor has Mariela on bedrest, but thank the Lord everything is progressing well.
