Case 9/12/2015

Calena 5/9/2017

Caydie 6/10/2018

Anniversary 10/25/2008

We praise the Lord for all who are reading this letter and have partnered with us in the ministry. I know that over the last several months it has been trying times for many churches. With the covid-19 and all of the shutting down of businesses and in some states even churches. We do appreciate your faithfulness for your support during these trying times.

The beginning of the year started full blast with several projects planned and a full schedule for the Harvest Baptist Church and the Wilderness Baptist Camp. We had scheduled a spring trip to the church in Casas Grandes Mexico. But as with many others we have had we've had to change this year schedule almost from a week-to-week basis. We do thank God that we did not have to shut our services down although there was one week when our governor gave an order saying it was illegal to meet in groups of over 10 on our church property. The Lord blessed us and he gave his favor with some of the officials in our state, we were able to have driving services through most of that time. There was not a week that went by that our church did not meet in person in some form or fashion. We have seen many first-time visitors come and visit our services during this time. Also by starting a Facebook live venue we have seen many new people watching in that way as well. Our members have been witnessing to people in the community and finding much response as people are scared and wondering what's going to happen next. Many have questions concerning the Lord in the Bible that they did not have before. Pray that as we remain a witness in this area to see much fruit for our laborer.

The church in Casas Grandes Mexico is doing well. Mexico shut down all the services of churches for over a month but they have started having services again. We were able to rent the other side of the duplex for the pastor of the church. We now have the whole building for church and living quarters for the pastor and his family. This is an answer to prayer.

Our family is doing well, the kids are continuing they're homeschooling and are seeming to get average to above-average grades. Courtney is doing very good with the pregnancy and we expect a baby girl to be here sometime in November. I Apologize for the lateness of this letter but we hope that you continue to keep us in prayers as we serve the Lord planting churches here and Northern New Mexico, the Southwest area of the United States, as well as across the border in the country of Mexico.

In Christ,

Chris Rogers Family
