- **Training of Leaders**

Team @ Lighthouse:

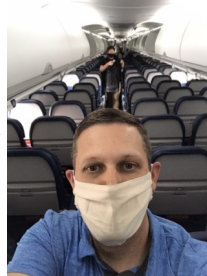

Aurelio & Surasi; Carlos & Areli; and Pedro

Team @ Living Hope:

Saul & Debbie; Jonathan; Carlos & Rosy; Liliana; Luis & Sara; David & Petra

REOPENING - Like everyone else we are in the middle of "the new normal".

Probably the strangest thing preaching the last few months was during drive in services when they honk to say amen!

Update on Covid 19 in MX

Until a month ago no one in either of the 2 churches nor their family members had tested positive. Since then, in both churches members have family who have passed away from Covid-19.

Veronica from Living Hope Baptist lost her father and 2 brothers in law. We thank God that so far no one in the churches has tested positive! Just like here in the US, Mexico is in their reopening stages.

Furlough Report

In April, I began to visit churches to preach for their livestream services. Its not strange preaching to a camera, its strange preaching ONLY to a camera.

Memorial day weekend I left the restrictive NE and flew to Missouri and experienced "freedom" Both churches I visited there were no masks & no social distancing.

In June I was blessed to again visit churches with my wonderful family. Of course most churches have had no kids programs so the kids have been a "little" disappointed of having no classes on their level.

Lord willing, we will be on a plane back to Mexico next month on the 28th.

"Promised Land" Property Project

God has "promised" us land for Living Hope Baptist & Valley Baptist Bible Institute. After years of saving, we are closer to our faith become reality.

God's provided over 25,000 USD towards the purchase. Last September, God took us to a temporary place but we believe that by the end of the year we will be in our new home as a church.

Negotiations

have been put on hold because of the virus on a property we are considering. Before the "shut down" we were in the process of investigating property values since the owner had suddenly raised the asking price by over 25%.

This "Promised Land Project" is so important for the vision of expanding the Bible Institute and permanent home for Living Hope Baptist Church.

Although we will begin renegotiating, we are NOT going into debt and ARE short of the asking price of 70,000 USD. Will you invest in this project and vision for training men and starting more

20/20 Vision: Future Ministry

churches?

Last year God spoke to me about the next 20 years of future ministry if God permits, from when I would turn 40 (June 19th, 2020) to when I am 60. He burdened me with the vision of starting 20 churches in 20 years.

God has given us 11 called to full time ministry, an American missionary planning to come work with us and a good strong base in the 1st church plant, with by faith a permanent home through the above mentioned "Promised Land Project"
