

Reaching every *nation*,  
one *ship* at a time.

**The Move** Thank you so much for praying for us as we make this transition! We had originally planned on moving at the end of April but then the whole world fell apart. We decided to stay another month and I was able to continue working during that time. Praise the Lord! We officially moved to our new home in Chesapeake the first week of June. My parents drove up with us to help us get settled in and when we arrived, we were met by about 75% of our new church family who had come to help us unload! What a blessing! **Please begin sending all support to Macedonia World Baptist Missions** and write "Blake Muscott" on the **note** line.

**Liberty** My next concern is that we would not be able to board ships since the Coast Guard is not issuing offshore passes for the men and our way of access is free transportation. But the Lord heard our prayer and they have given us liberty to continue boarding ships as "Spiritual Counsellors" or "Port Chaplains". Hallelujah! In our first two weeks of boarding ships we have already planted the Gospel seed in **China, India, Ukraine, the Philippines**, and my personal favorite, **Corinth!**

**Tears of Joy** While aboard a Filipino/Indian ship, the Lord enabled me to witness in great detail to the chief cook, **Ravi from India**. He graciously took a tract and seemed to hang on to every word of the precious truth of the Gospel of Jesus Christ. After our conversation had come to a close, I pulled out a Bible and handed it to him. With **tears of joy** and many thanks, Ravi received his very own copy of the Word of God.

### Matters of Prayer

- Continued liberty to reach these men
- Boldness to preach the Word
- Access to more Terminals
- More meetings to present the work
