Ministry

We praise the Lord that your prayers for our church were answered immediately. Within a week of when most of you received our last letter, the government allowed us to legally meet again; with much restrictions in place. While we never stopped meeting, or keeping our church open to the lost; it was a blessing to have that request answered. For the first month we were only allowed ten people per service, so we had to conduct three to four services, to get everyone in. It made for some difficult Sundays, especially as I chose to do a different message each service, and to conduct each one as a full service; thankfully our people were willing to get involved and take on whatever responsibilities they could in the services.

For the last couple of months churches have been allowed to hold meetings of up to one hundred, however the government restrictions made it impossible to host more than about twenty in our regular building. For this reason God led us to rent the conference room of a local hotel on Sunday mornings. The cost is reasonable, and the room allows us plenty of space to seat as many people as we need to. I do not feel this is viable as a long term solution, if the restrictions persist; but for now this too has been an answer to prayer. We still use our regular building for all other services; however it is quite common to fill it up even in the evening services, due to the diminished capacity. Please pray that God will help us to find the building that He has for us to purchase soon, so that our church can grow past these restrictions.

We have also been able to get back into our street ministries and evangelism, with little trouble. All of this was illegal for a time; but now we can preach on the streets, give gospel tracts, and go door knocking; and so far the only issue is being required to preach in a mask. Thankfully while we had to change some of our methods, we never had to stop giving the Gospel. God gave us many ways to continue to evangelize, here and abroad. One of our more interesting projects here, was that we used chalk to write the gospel all over the city, and direct people to a simplified website we made just to give the gospel. Outside of Belgium God gave a weekly opportunity to hold Bible study in India, with a large group through the internet.

Personal

Surely our most exciting news is the birth of our second daughter, Hannah Maria Haley, on July the 12th. She was born healthy and well; Lory however had some complications after she came home and had to be readmitted to the hospital for a few days. Both of them are well now and really appreciate your prayers for them. Please be sure to look for pictures of hannah, the chalk evangelism project, and of the conference room we are using; on the second page.

We also had another major answer to our prayers, in that after all these months of praying; Lory finally received her green card, so praise the Lord for this big answer to prayer.

Prayer

Pray for our family that we might serve God faithfully, and raise Josiah, Emily, and Hannah for the Lord.

Pray for our evangelistic outreach, as we have some special projects coming up in the month of October.

Pray for important spiritual needs, and for several people we are working with to lead them to Christ.

Pray for God's protection of our continued liberty to hold services and to do the work of the ministry.

Pray for our building, as we look constantly for a new building, and for God's provision in this need.

Pray for our church and ministries that God will help them to grow, and to be used of the Lord.

Thank you for all of your faithful prayers for us, you are a much needed part of the ministry and will never know how much of a blessing you are to us, at least not on this side of eternity.

With Sincere Gratitude,
Bro. Junior Haley

What shall I render unto the Lord for all his benefits toward me?

Psalm 116:12
