

JERRY & DEE NYE

Reviving Baptist Churches
(A CHURCH RESCUE MINISTRY)

Dear Praying Friends,

Jan., Feb. 2021

I thank God for those who have been praying for Dee and I. I don't think I would still be here without the prayers of our family and friends. As you know I caught Covid 19 back in Oct. and had a severe heart attack after that. When I came home from the hospital I had a catheter and was carrying an embarrassing bag. After 16 days I was scheduled to have the catheter removed. At the same time they went in with a camera and found a small tumor inside my bladder. They said it looked cancerous and scheduled a date for surgery to have it removed. That happened Jan. 29th. I came home carrying another bag. I have just returned from the doctor to remove this one and he said that the tumor was cancerous but it was not an aggressive cancer. He gave me clearance to make our trip to Canada but to have treatments when we returned. I have to have a two hour treatment once a week for six weeks when we get back.

I am still very weak and tire easily and our daughter in Canada (Lori Horton)wants us to come up there to recoup and rest. We were supposed to be up there for Christmas but my health prevented that. Now we can go and we are so looking forward to being there even in the snow.

The church we were helping is still without a pastor. They have some major decisions to make about their future. I wish I could continue to help them through this rough time but I am just not able to do so. Pleaser pray for them and God's guidance at a very hard time for churches. There are suffering churches all over our country and only our faith and trust in God will get us through. Keep looking up, He is coming soon.

In His service
