This new year has gotten us off to a wonderful start! We received the funds to purchase our Hensley hitch for our excursion, which proved to be the key to success in pulling our camper safely. We have begun to travel again now that we can take our home with us easily!

While spending the month of January in Minnesota for deputation the Lord allowed us to be in several churches and a missions conference. During the missions conference the pastor took the men out ice fishing. This was an exciting advance as we love the outdoors!

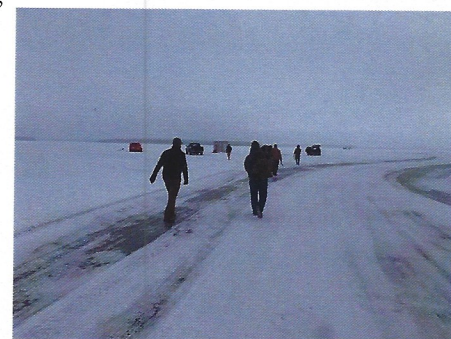

Another incredible blessing that has allowed us to begin traveling more is the fact that our calendar is filling up again. As much as we love being at our home church, it is unproductive to sit at home during deputation. Lord willing, we won't be back at our home church until the end of the year. We will be making a westward trip beginning March, making our way through Mississippi, Louisiana, Arizona, up through Utah, and then Idaho. We will make it back to Georgia just in time to attend the Hope for Israel Conference the last week of May, and we hope to see some of our local friends there!

After praying about a way to use deputation as a ministry, I have decided to create a resource to share with others regarding ministry and deputation. This resource will be in the format of educational YouTube videos and ministry updates. You can watch our explanation of the deputation process now by looking up "The Pannell Family" and then click on our deputation playlist. We pray we can be a blessing and help others by sharing things we learn along the way.

Would you help us pray that the Lord would send in 100% of our support by the end of this year? That would allow us to find a home and move to Sioux Falls by spring time if 2022! We sincerely want to be where the Lord has called us.

Prayer Request: Supporting Churches, a full calendar for the year by the end of March.
