Prayer: [www.intfrep.com](http://www.intfrep.com)

Dear Praying and caring Friends, and Co-Laborers:

We trust that each one of you enjoyed a wonderful Christ-Centered Christmas Holiday. We were truly blessed by your faithful financial support and prayers for the year 2020, and for the extra money you gave. And so far in the year 2021 we have been truly blessed by each one of you. Thank you for your faithfulness!

The enemy has come in like a flood, (Isaiah 59:19), and has caused much havoc in our land, but where sin abounded, grace did much more abound, and God has proven Himself over and over again to be faithful, merciful, and true to His word.

Our family went through some trying times in 2020, and even in 2021, there are still troubling times. My sister, Betty Anthony, lost a very young grandson Camron Rogers, found dead in his truck, and only a short time later, her daughter, Camron's mother, Lisa Rogers, was found dead in her bed. Yes, very sad times for all of us. Our oldest son, Duane, recently had surgery, after suffering for many years, and still has some complications, but he is improving daily. His wife, Wendy, is still coping with a heart condition, and leukemia. However her numbers have been better. Finally, Ashley, Paul's daughter, has been struggling with health problems, but things are looking up for her. She is such a faithful young lady. Please pray, and continue to pray for these physical needs of our family. My wife and I love each other so very much and our children, grandchildren, and great grandchildren so very much, and want the best for them. We want what God wants for them, to be faithful to Him. Nothing greater than this!!! Also, Oleen and I have some health issues and would appreciate your prayers for us as well. We are trusting God to use us mightily in His service in this New Year. Pray for and with us!

Serving until Jesus returns,

*The Tinsleys*
