Greetings in the name of the Lord,

May 2021

Thank you for your faithful support and prayers. God has been good.

Deborah and the boys are doing well. They are almost finished with school for the year. Deborah and the boys are happy about that. Joseph is 14 now it is hard to believe, Joshua is 11 and Jeremiah is now 8. It seems that time is flying by. Joshua doesn't like math so Deborah is having a time there. They are learning about soccer and have had a good time with their friends here.

We were able by the grace of God to purchase land for the church. It will be another month or two before we get the paperwork back then we have to level it. We will have to draw up the plans and submit them. Then we have to apply for permits and a lot of other fun stuff before we can build. Pray for us as this will be a long and stressful process because of the corruption in the country.

Pray for us as we have had several of our faithful members start to become unfaithful. At the same time, we are trying to go forward the devil is fighting. Pray That God would help us to reach our people. We have been going out on Saturday mornings with one or two of our teens.

We are going through our town for the 3rd or fourth time. It is a very big town but little by little we are going through it. Talking to many of our people it is certain that they don't understand the gospel at all. Pray for our people they are very confused.

Pray for us we have been on the radio preaching Monday through Friday morning at 5:30 am and every Friday night and 9pm. The radio can reach about 2 hours in every direction We can get into places I will never be able to go. Pray for the radio we are on one station for the mornings and a different, owned by the same company, at night. God has opened this great door because of covid. There are many of our neighbors that listen to the program and there have been plenty of people I have talked to that tell me they have heard me preach on the radio. I almost cut back on the days I preached and then we have had a few visitors lately that have come from far off villages because they heard and wanted to meet me. I have no idea what God will do through the radio. I do know **you can have a bigger part in this ministry I need prayer.** I can preach all I want but if God doesn't move it is for nothing. Pray that people would get saved. There are plenty of people that will never come to our church. I just want them to hear the gospel. It changed me It can change them.

There is a lot of darkness and evil around the world right now. If we give up there isn't a plan B. We must encourage one another and pray for one another. Christians have to keep going forward.

In Christ,
