Tracts † Bible Study Materials † Church Planting Materials

July-September 2021

Dear Pastor and Friends,

Greetings in the wonderful name of our Lord and Savior Jesus Christ Who is, "One God and Father of all, who is above all, and through all, and in you all." Eph. 4:6

We have had a busy summer. With churches and missionaries being able to get out and use tracts again, has kept the presses running. We have two small presses that we use primarily for imprinting an address on the tracts. They run so well that I'm able to operate both at the same time. A good example of this is the two large orders we had last month. One was for 40,000 and another was for 10,000 tracts.

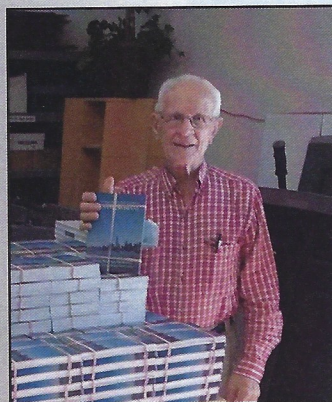

I believe so strongly in the power of the Word of God, that it makes the long hours and labor worth every second because it is a blessing to see the tracts that you have helped us produce go out the door to reach so many for Christ.

After the tracts are printed, they go to be folded by our folding team consisting of Harold and Barbara Webb, Ann Mote and a new member Nick Martenilli. These precious folks are in their 80s and 90s and are so faithful. Bro. Nick has such a great burden to serve the Lord and as with all our volunteers, has helped in many ways. When

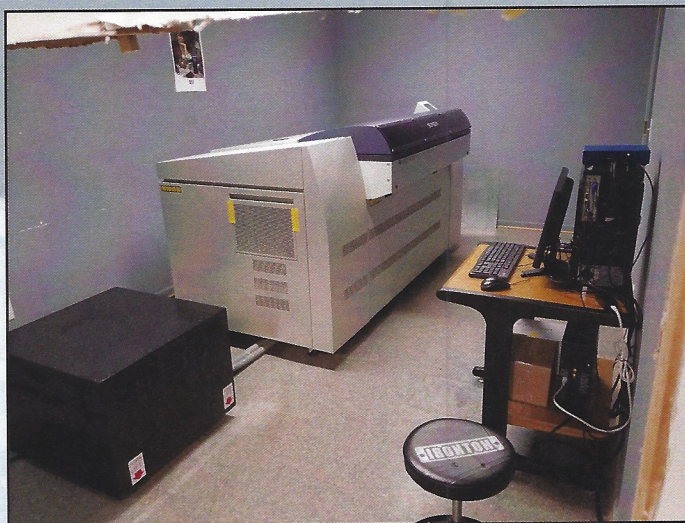

we talk about putting out 1,000,000 tracts for a certain country, volunteers are the ones that have been there to faithfully fold and box up the tracts.

Back in September of 2011, we purchased a plate maker

to make the plates for our presses. That plate maker had a life of 7 years but I was able to keep it running for 10 years. It had finally reached an end. We had no choice but to start praying and searching for a replacement. God has answered our prayers and has provided not a plate maker but the top of the line plate maker. To purchase the machine, funds were given by one of our volunteers and a church in Cumming GA gave the remainder in honor of my father, Dr. Thurman Wade who passed away August 18th 2018.

This plate maker makes the plates for all our presses. It took 30 minutes for our old system to make a plate. This new system makes a plate in about 4 minutes with no chemicals. As with all of our equipment, it is a used one but was refurbished and built to last for many years. Praise the name of the Lord for His great blessings!

We pray for you all and know that these are difficult times. We never take for granted any support given to keep the presses running so that it will be said of God's people that "... the word of the Lord was published throughout all the region."

Thank you for your help, prayers and gifts for "...the furtherance of the gospel."

Our Goals:

- Reaching the lost through printing.
- Discipling through God's Word.
- Assisting the missionary in Church planting.
- Assisting local churches in evangelism.
