Greetings from Mexico in the Name of our Lord Jesus,

We had local and state elections and we now have a totally different political party that claims to be for the people and hard against corruption and time will prove the truth of their promises or falsehoods. The same with a profession of faith in our Lord Jesus. As with a fruit bearing tree, time will reveal the tree whether it is fruitful-bearing or is only a tree that should be fruit-bearing.

Mandates are lifted as far as church services are concerned. That was one of the promises made by the local and state candidates that won their elections and it did come to pass. The mandates did accomplish a good thing also and that is it caused more people to come to church and more are willing to listen to a witness of the Lord Jesus. People here are just like the people in the US and other countries: they do not like to be pushed or ordered around. They would rather to be asked and allowed to make their decisions. The same goes for witnessing for the Lord Jesus: present the plan of salvation clearly and invite them to accept Him as their Savior.

Thus far, we have not been hindered by the new cartel that has moved into our area. Do continue to pray for our liberty to witness and have church services in our church and also out in the villages/ranchitos. "..... The effectual fervent prayer of a righteous man availeth much."

**James 5:6**

Again, if the Lord nudges your heart to help our people, it would be very much appreciated. 2020 was one of the best Christmas's they've ever had. Some of the things that came in last year: shampoo, bar soap, deodorant, bath towels and wash clothes, toothpaste and tooth brushes, perfume, after shave lotion, mittens (male and female), gifts for children (boys and girls) and of course chocolates. Chocolates are special because that's something they just cannot afford. . The Lord nudged the heart of a sister in Christ in WV because she has already sent several things for our folks already. If you do send anything, I suggest that you order and have it sent to the state side address where we receive our mail and it's held till we can go out to get it.

The following does not pertain to the Lord's work here in MX but it is a quick update on Tony (our oldest son) and the burden we carry for him. Medicare will not help with a electric bed nor a manual wheelchair. The bed and wheelchair are very expensive because of his weight and size. His remaining foot will not heal. Pray for him if the Lord brings if the Lord brings him to your mind.
