## WORDS FROM CARTER

Carter you can't go outside without shoes on *"Yes I can, I'll be standing on holy ground"*

Singing at church *"Daddy when I get to Heaven, will God understand English & Spanish"*

Carter you're handsome, who do you look like? *"A child of God"*

Crisp mornings are finally here! Mexico City is mild throughout the whole year, but in November thru January we do experience fall like weather. We even reach "freezing" a couple of nights a year. The Fall season to the Mexican people is "Halloween" and "Day of the Dead"

*When Mexicans see our fall decorations, they assume we celebrate Halloween/Day of Dead!*

Karla & Alexandra are in 6th grade, and Carter is in 2nd. My sister Debbie is still teaching the girls and this year we switched to Abeka Videos for Carter. He really loves Bible class and "hates" reading.

The girls are in love with horses. Alexandra's nightly prayer request is that God would give her a horse.

August 29th, I tested positive for the COVID VIRUS. Out of both churches, only one other family tested positive. Even Rebecca, and the kids tested negative. Besides my oxygen level dropping in the 80s, It was a mild case, but still required isolation for 10 days. However, Ismael who we believe gave me the virus was close to death but God spared him.

*Returning for the results of the COVID test, 20 minutes after, I encountered a sign "Closed for cleaning because of a positive result." Sure enough—it was me!*

In October, Mexico City entered "Green Light". Schools opened up to voluntary in person classes for the first time since spring of 2020. Although the government has moved between 4 different "lights" since January, both churches have had in person services. Since the beginning of the pandemic, we have had a few who have had the virus in both churches but we thank God that no one has lost their life as a result.

What a journey it's been by faith to enter the "promised land" that God's promised for Living Hope Baptist & Bible Institute.

The other day, we found a property that Lord willing we'll be signing a contract by the end of the year.

It's been years, of praying, saving and faith. **THANK YOU** to every one whose given so that the vision for the future becomes reality.

The property is 3,300 square feet, owned by the mother of a former member. They are asking 74,500 USD. (Market value is around 100,000 USD)

God has blessed us but we are still lacking to reach the desired down payment. We have 33,500 USD.

**Can you help us by investing in God's work?**
