November 11, 2021

Dear Co-laborers in the Lord Jesus Christ,

Well, today has been a day of remembering some of the past years of my life. I am so glad that the LORD changed my direction and gave me a new start some 62 years ago. From studying the Word of God, then having the privilege of preaching and pastoring for 17 years, and finally serving as a missionary for the past 45 years, God has given me many responsibilities and the privilege of preaching the Word of God and the gospel of the LORD JESUS CHRIST in many different countries and cultures resulting in many souls saved and new churches being established.

Today, I received my report from the Home Office with my support from the churches who have supported this work for many years. I was blessed to see two new churches have also started to support this work.

I do not keep the love offerings that the churches give me when I am there to preach with them; I use that money and the love offerings that others send me to help missionaries around the world. I receive letters from missionaries about what they are doing and what their need may be: an emergency, land payment, building work, a death in the family, or other needs; then I pray and, if possible, honestly meet that need. Sometimes, I have used my support to meet the need and watch as the Lord replaces and supplies my every need and then some. We serve a GREAT GOD who has our every need in view; I don't worry about tomorrow as I know that the Lord has already been there.

I want to say a very special thanks to each of you that have given and prayed for me. I have asked the Lord for health, strength, and wisdom to continue the work He has given me. I cannot do the work without you. I pray you have a Happy Thanksgiving and a Christ-like Christmas remembering and being thankful for all that the Lord has blessed us with to serve Him.

I remain your missionary in HIS harvest field for souls.

Till HE comes for us,

Brother Dick Frost
