### Land for the Christian School

For the last four months, I have been researching different locations that could be used to start a Christian school ministry. God clearly directed me away from my initial plan to rent a location and start classes in March of 2022. I was not able to find a suitable rental location within my budget, and the majority of schools are still planning on teaching virtual classes instead of in-person classes this next year. As God closed the doors to rent a location, I started to research the possibility of buying a piece of land in order to start the school. God led me to a great location in an area near Habitat which is a community on the outer edge of the city. I was able to put a deposit on 9 lots of land which total 1,008 square meters of land (10,850 square feet equals about 1/4 of an acre). I have received enough offerings to pay for the land, but I will now have to wait by faith for God to bring me another \$35,000 to build the brick security wall around the property, build the initial classrooms and auditorium building, buy desks and other furniture we will need, and pay for the paperwork needed in order to start classes. If I am able to build in the next 6-8 months I will be able to start classes in March of 2023. Please pray for this ministry. God has blessed beyond my thoughts and dreams and I know He has a plan for this property in the next few years. Please also pray as we will have enough space for the school property to have a full auditorium which can also be used in the future to start a new church. Pray that God will be glorified in every way through this land and the Christian school ministry.

### Deaf Ministry and Rebuilding

Even though we are still restricted to 50% capacity in our church services, we have been able to start children's church classes on the third floor of our building. I was also able to hold a big activity in September for the International Week of the Deaf. Since then, six of the deaf people have been coming on Sunday mornings again. I am able to teach a class for the deaf on the second floor, so we are using each area of our building to restart ministries. The Stover family has also been able to start up my kid's Bible club again in Viñani where they will be buying land and starting a new church in the next year. Please pray as we work to rebuild ministries and encourage Christians who have grown cold during the distancing restrictions over the last two years.

### Don't miss out!

I have been posting regular updates to my website, [bethanyhoman.com](http://bethanyhoman.com) and to my email list. If you have not joined my email list yet, you are missing out on the latest exciting developments in the ministry here in Tacna, Peru. Please add your email with the link on my website or by sending me an email at [bethanyhoman@hotmail.com](mailto:bethanyhoman@hotmail.com) to ask me to add you to the list.
