

# UPDATE HILL

JANUARY 2022

## NEW YEAR, NEW GROWTH

This new year has already been off to a wonderful start. We began by revealing our new theme for 2022 explained below and have built on it each week. We had our Vision Sunday on January 16th with a great message from Pastor Stephen Russ from Faithway Baptist Church in Evansville, Indiana. We were able to reveal our plans for Soulwinning, Discipleship, Missions, and future meeting place. We are so excited about what the Lord has in store for this coming year. We had 28 for our Vision Sunday Service & Breakfast.

The Lord has continued to bring in new families into our Church month by month, and we are looking forward to beginning discipleship with each of them as they begin to grow in their walk with the Lord.

The Church was able to acquire another tool to help in this process by renting a small Church Office space for us to use for discipleship, counseling, and in emergency situations hold services. (Like this Sunday due to our regular facility being closed for Covid)

## VISION 2022

### ROOTED:

*The fruitfulness of a tree relies on the quality of the root system that feeds it. Like trees, our families need strong homes to be our root systems if we are going to be the best that God intended for us. Every family needs 3 homes, an earthly home, a church home, & a heavenly home. This year we want to help each of you get rooted in all 3, so that you & your family can flourish in Christ. We want to be rooted in Christ in our personal relationship & devotional life. We want to be rooted in His Word through discipleship & strong Bible preaching. We want to be rooted in His Church as we grow together in reaching our community & the world with the Gospel of Christ.*
