Merry Christmas!

Prayer of Thanksgiving:
Donations for
Screen Plate Maker

Back in September of 2011, we purchased a plate maker to make the printing plates for our presses. That plate maker had a life of 7 years but we were able to keep it running for 10 years. It had finally reached an end. We had no choice but to start praying and searching for a replacement.

God has answered our prayers and has provided not a plate maker but a top of the line plate maker. To purchase the machine, funds were given by one of our volunteers. and a church in Cumming GA gave the remainder in honor of Dr. Thurman Wade who passed away August 18th 2018.

This plate maker makes the plates for all our presses. It took 30 minutes for our old system to make a plate. This new system makes a plate in about 4 minutes with no chemicals. As with all of our equipment, it is a used one, but was refurbished and built to last for many more years. Praise the name of the Lord for His great blessings!
