

Reaching every *nation*,
one *ship* at a time.

March Madness During the month of March we spent the majority of our time putting down nearly 4,000 miles of rubber on the road. We praise the Lord for getting us safely and quickly to each destination with no mishaps. (With the exception of one stop to officiate a deer's funeral...) Our first stop was Palm Harbor, Florida, for a week-long Missions Conference at Bible Baptist Church. The meeting was well organized and it was such a blessing to see so many people personally involved in various aspects of the meeting. It is always a joy to see how the Lord rekindles our excitement for the ministry as we travel and present the need and opportunity here in the ports. We were also given the privilege of bringing a charge to the teens and young adults in Sunday School, and we trust the Lord to work in their hearts.

Next, we visited my brother-in-law, who just began pastoring a small church in Lake Placid, Florida. The church has come through some difficult circumstances, but the Lord has been working in the hearts of the people there and we are starting to see the Lord build His church! While there, Haylee and her sister went to work on some purging and deep cleaning while my brother-in-law and I installed a baptistry, framed up some walls, and gave the 70's auditorium some much-needed updating. I enjoy working with my hands and praise the Lord for the opportunity to help. Next, we headed to eastern Texas for a wedding, where I stood in for one of my best friends from highschool. It is such a thrill to know people from your youth that are still living right and are faithful servants of Jesus Christ!

After that, we spent several days helping out another young pastor and his wife in Ellijay, Georgia. We first met them about two years ago before he was pastoring and our hearts were immediately knit to theirs. They share an incredible testimony of salvation and now it is amazing to see the Lord use them in the pastorate. We ended our travels with one more amazing Missions Conference in western Virginia before finally heading home. Now we are all charged up and ready to go!

Prayer Requests During our travels, I was able to briefly meet up with Bro. Ken Kraich in the Port Ministry in Mobile, Alabama. He is also working the Ports of New Orleans, Pensacola, and also the expanding Port of Panama City. Brother Kraich is 70 years of age and desperately needs the help. Would you please pray with us for more laborers? Secondly, our pastor's wife **Keyra** is having some very serious health issues. Would you please pray with us that God would heal her?
