Subject: From the West Coast to the East Coast, Gods been faithful!

April 2022 Deputation update

From the West Coast to the East Coast

In January, I said goodbye to California and headed East. I have since driven 4,400 miles and shared my mission with churches in three different states.

While raising my support, I am thankful for the opportunity to fellowship with churches on the East Coast. I have connected with many wonderful churches and gained many friends and supporters. **I will be applying for my visa soon and plan to move to South Africa this August!**

God's Blessings at Little Fish Ministries

This year Little Fish Ministries broke ground on a multipurpose building. This building will provide classrooms, nursing offices, guest housing, a kitchen and a multipurpose meeting room. **This project has been fully funded, and we look forward to having this building complete in May!**

We anticipate the opening of our baby cottage *Hope Harbour Haven* later this year. The building is ready and waiting for necessary furnishing and staff. When the doors open we will be able to take in abandoned babies and toddlers.

New Baby

Last month Little Fish Ministries welcomed an abandoned baby boy about 2 months without a name.

Our heart breaks for the loss he has faced but are thankful for this opportunity to love this precious baby.

Special prayer

request

Please be in prayer for our leader's son Nathaniel Bergey, age 17. **He was recently diagnosed with lymphoma cancer.** Nathaniel and Mrs. Bergey are currently in the US for treatment while the rest of their family remains in South Africa. Please pray for Nathaniel and the entire Bergey family as they navigate this trial. You can find updates on his Facebook page **[Finding Thanny's Song.](#)**

Spring/Summer

travels

I am currently visiting churches in Texas and will be heading back to California soon. I look forward to seeing my family and friends as well as visiting churches on the West Coast while I gather the necessary documents for my visa application.

Thank you for your love, encouragement, prayers, and support as I strive to be back in South Africa this year!
