

THE HART FAMILY IN COLOMBIA

**July - August
2022**

To The Churches and Brethren Who Help Us By Praying And Giving,

Thanks for reading our letter and taking the time to pray. We are told that the phenomenon "la niña" is responsible for the out of season rains we are seeing. Most days have been humid and muggy and some so unbearable that some of the athletes in competition have fainted. For a few days, we have seen some welcomed relief.

A lot has been happening. A leader of a former communist guerilla group (the M-19) was elected as the first leftist president of Colombia. We need to pray and be busy for the Lord. Please continue to pray for laborers. Even though it is hard in many places of the world, we must still preach the gospel to the lost. There is a lot of distraction due to the summer vacation season and the Bolivarian Olympic Games that are taking place now.

Challenges To Daily Life

Valledupar is now the city with the third highest cost of living in Colombia. Along with being the second highest in unemployment, many are looking to leave. Recently, one family of the Church went to Spain. Many Colombians are crossing the border and entering the U.S. illegally. The U.S. and other countries offer to help with opportunities and relocating.

The cost of food is constantly increasing. We now have to shop around more to find the best buys. Also, please pray for our car that overheated, was towed in, and has been waiting more than a month for a replacement hose. Also, please pray that the Lord help us to buy a newer car.

Please Pray For The Church

We trust the Lord going forward with the Church. At the end of June, they will not require face masks. Thank the Lord, even though it has been a long struggle, we have been with a group of the faithful on Sunday mornings. Recently a lady visiting for the first time indicated that she had prayed to receive the Lord Jesus Christ as her Savior. Also, another lady (Nelly) has been coming and desires to leave the false doctrines of the Jesus Only group. She is hurt and confused. We ask prayer for her. Bro. Simeon continues to teach Sunday School and has been preaching a bit. Please pray that he will be able to continue to prepare and do more. Bro. José now has prostate cancer and has been receiving radiation therapy. Also, Sister Meri fell at her house and received surgery for her hand.

Family Prayer Needs

Hannah has been helping. We look to help her get situated when she goes back to study towards the end of August. We plan to visit my mom for a few brief days. If the Lord wills, she will be 88 in December. I have been waiting for the results of some tests. We always need you to pray for our health and safety. Thank you for your faithfulness in praying and giving.
