**Witty Inventions** Proverbs 8:12 *I wisdom dwell with prudence, and find out knowledge of witty inventions.*

Inventions are not inherently sinful in and of themselves... However, when you look through the Bible, God only speaks of them in a good light ONE TIME. That is when the use of inventions are coupled with God's wisdom. There is a danger that comes with the privilege of living in such a technologically advanced society... let us take heed not to allow our love for devices to supersede our love for Jesus! That being said, we had a wonderful "conversation" this month with a Chinese man through a phenomenal translation app! Please pray for this man. He has been faithfully reading the Bible on his phone but is having trouble understanding it. We spent time going through an English/Chinese John and Romans booklet to try to help him understand salvation. He is searching. Please pray that God will give him understanding!

**Home Sweet Home** This month, we also devoted some time to work on our house to get it ready for our little baby girl that is quickly coming in January! Ripping out old nasty carpet, painting over 80's paneling, and adding a few extra lights. It was a lot of work, but we are happy with the result and just so thankful for a place to live! Haylee is feeling much better and both of them are healthy thus far in the pregnancy... Praise the Lord!

**Etc...** A few other matters for prayer. In 2020, we had our first seafarers from Bangladesh and since then have not been able to shake a growing burden for the 171 million souls living in this country the same size as the state of Georgia. As far as we can tell, there are ZERO Baptist missionaries in the country. We are planning a trip there next year with a pastor from Florida. Also, please pray for **Jonard**, a Catholic who clearly heard the gospel. **Robby**, who got assurance of salvation after we went through the gospel. A **Romanian Captain** who received a Bible in his language.

**Countries Impacted** Philippines, Russia, Ukraine, Romania, China
