- ◆ For Divine Help With Cancer
- ◆ For Provision, Health & Safety

Prayer Needs:

- ◆ For My Surgery
- ◆ For Divine Direction
- ◆ For Help In The Work Here
- ◆ For Our Health And Safety

Dearest Praying Family of God,

How good it is to know that our God hears and answers. God's power is the greatest power and the most needed in the lives of men. We have access to His throne and your praying together with us unites us in spirit, although we may be separated by a physical distance. Your prayers and giving are greatly needed and appreciated. Without them, we could not be here.

Problems With The Weather

Valledupar has been declared on red alert for flash flooding. Many say that this is the greatest amount of rain that Valledupar has received in several decades. It is hard to believe that only a few years ago, we went over 180 days without rain. About half of the departments of Colombia have suffered mudslides with roads and bridges being washed out. Here, the sewer systems are poorly equipped to provide drainage to such volumes of water and the streets flood with the flowing water. The first floor of the house where we live was flooded by sewage one night, but thankfully, there was little damage.

The Work Goes On

We continue to work and get the Word of God to others despite the obstacles and we continue to win souls door to door in the neighborhoods near the Church. We are in the week of emphasizing Missions and we have seen professions of faith. It is a great blessing for us and for the Church. We pray for laborers for the work. We spent another month without the car as it was damaged. Thank the Lord, it's working again.

A Change

I have been asked to direct a wedding ceremony in the department of Casanare in December for our nephew Omar Daniel Oliveros. Please pray for him and his future wife.

Prayer For My Health

As I was getting several things checked out concerning my health, the doctors found that I have a nodule that formed on my thyroid. I had a biopsy done in Valledupar. The biopsy came back uncertain. So I went for a second opinion and biopsy in Bogotá and it turns out that I have papillary carcinoma. Lord willing, I will be having surgery on the 3rd of November to have a thyroidectomy. Please pray that all goes well. While I was awaiting the results of the second biopsy, I was able to receive therapies from Korean chiropractic machines that align the spinal column. It is a bit costly to buy one, but it seems to be a valid alternative to surgery.

May The Lord Be With All Of You

We trust that you will enjoy the presence of family and loved ones this Thanksgiving and Christmas season. We know that we all must work while it is day. May the Lord fill your New Year with divine opportunities that bring His presence, provision, blessings, and power to your lives. Thank you so very much for the care you have given to our family and to me by praying and giving from your hearts.
