09-10/22 Prayer Letter Update

Happy Thanksgiving! Hope all is well with y'all! We are just getting back from being on the East Coast visiting supporting churches. Meetings have gone well! We have been so well taken care of by the churches we have been in. We only hope we have been as big an encouragement to them as they have been to us. We will finish out the rest of our furlough back on the West Coast basing out of our home church. Thank you so much for your prayers and support! They are greatly appreciated.

It has been a joy to be back at our home base visiting family for the holidays. During Christmas time, Kelsie's other missionary siblings and their families will be in town as well. We will all celebrate Christmas together, possibly for the last time, or at least the last time for quite a while. It has been so wonderful to sit and hear preaching from our pastor, as well as being able to plug in and help with soulwinning and projects, such as laying a cement slab for the handicap access. I posted a picture of working on the project below.

We have been asked quite a few times about our current support percentage. I thought I would include the actual figure here in this letter, in case others had that same question. Because Taiwan increased the standard of living and costs for literally everything on the island (most things are government controlled), and because covid has affected us all financially and we have unfortunately lost some churches, and because of the addition of a new child, we are currently at 81% of our total needed support. I know my Father owns everything though, so I am not worried about provision, just on doing and being what we are supposed to.

Hope you have a wonderful Thanksgiving time being thankful for your many, many blessings! We are thankful for you - your prayers and support and partnership in the ministry.

Expecting Great Things,

The Cullers Family
