

Reaching every *nation*,  
one *ship* at a time.

**Thanksgiving to GOD** Have you ever been to the place in your life where you wished God would just write down His will for your life in black and white? Well... HE DID! The Bible says *"In everything give thanks: for THIS is the will of God in Christ Jesus concerning YOU."* 1 Thes 5:18 When I learn of the poverty and spiritual darkness in many of the countries I deal with, my heart cannot help but overflow with thanksgiving to GOD for the prosperity and spiritual light we currently enjoy in America. We truly have much to be thankful for! On that note, I would like to say how thankful I am for my sweet bride and mother-to-be! Even with the added weariness imposed upon her by the constant activity of our growing little girl, Haylee still manages to keep our home in order and accomplish all of the behind the scenes work that makes my job easy. I am truly thankful for her and love her dearly.

**Trovels** This month, I was honored to preach a Bible Conference for a supporting pastor in PA. The other guest preacher is one of my missionary heroes, Pastor Brent Logan, and it was a joy to spend time together. Also, we took a quick trip to Florida to visit our families for Thanksgiving. While there, I was able to spend some time with another one of my modern missionary heroes, Brother Stephen Holt. As we studied over a map of the world, our hearts were united in deep conversation of the overwhelming need of the Gospel in *the regions beyond*. Where are all the laborers? Where are all the missionaries being sent into the harvest field? Where are the young men and women who will join the ranks and carry on the work of those who are honored to be called a missionary? Please pray fervently with us that God will raise up more laborers to send forth into the darkness of this world with the Light of life!

**The Price of a Meal** This month, we had a Filipino ship come into port and some of the crew had relatives in this area about ten minutes from the pier! They were so excited at the opportunity to see their family and enjoy a home cooked meal. However, there was a problem... the crew could not walk off the pier without transportation, and the family did not have access to the ship. When we met with the crew and they explained the situation, we were more than happy to help! With thankfulness they loaded up in the van and for the next ten minutes, we preached the Gospel to them! After returning to the ship, the Captain asked if I could come onboard the next day and preach again, to which I happily agreed. Please pray for the seed that was planted. Also, please pray specifically for **Ian and RJ**, two others that we had good conversations with this month.
