

THE CAMPBELL FAMILY

MISSIONARIES IN QUEBEC

May 31, 2023

With the last bits of snow melting off the first week of May, we are now enjoying the beautiful spring weather. Our family is doing well now, but it took several weeks to get over the colds and viruses that came through this spring. Many of our church members also were very sick, but most have made a full recovery. We are thankful for the Lord's healing, and also for His promise of a new and glorified body one day!

Denver is healthy and growing although he still has trouble sleeping at night. He's crawling now and loves to walk around while holding on to one of his siblings' hands.

The older kids are almost finished with their school year and are excited about our summer activities. In July we plan to take them to a week of summer camp at Pensacola Christian College. We are also excited to take Denver on his first trip south to see our extended family. Please pray for our safety as we travel.

Lately it seems that our schedules are filled with those smaller tasks that have to be done but aren't fun to do (a.k.a. paperwork)! Since January I have been trying to schedule an appointment to register Denver's birth and get his passport. For some reason the US Consulate here in Quebec is struggling to manage its workload and has only accepted an handful of appointments this year. Thankfully the other day it came to my mind to check their online scheduling system and to my surprise there was a slot that had just been made available for June, and I was able to reserve it! We thank the Lord for those little blessings!

We continue to have new visitors at church, including another mom that has been coming regularly with her two children. She is a Christian but her husband is not. Please pray for Suzanne that she can be a good witness to her family and lead her children to follow Christ.

The children's ministry continues to grow as well and we recently had to divide the Sunday school into two different age groups. God has also provided another teacher for this new class. We are thankful for a great team of workers for the children's ministry.

It has been a blessing to see God at work through Michel. He recently brought a message during our Sunday school hour that was very well prepared and presented. It is encouraging to watch him experience the grace that God gives to those who accept His call and submit to His will for their lives. Continue to pray for him and his training in the ministry.

The Lord has also truly blessed the ladies ministry through their monthly breakfast meetings. The ladies have really enjoyed deepening their connections with one another through sharing what God is doing in their lives. At the recent breakfast, they decided to paint Bible verses and messages on river rocks to be placed in parks and along trails around the area.

After we return from our family trip in July, we will be making preparations for holding a Vacation Bible School in August and some new outreach activities for the fall! Thank you for your continued prayers for us!
