April – June 2023

Greetings in the Name of our Lord Jesus,

I do trust all is well and you're also enjoying God's perfect peace as you walk and serve Him where you are.

We are doing well, even during this heat wave. It has been hot in years gone by but this summer sure seems to be hotter. With the heat and lack of rain, we're having serious water shortages. Our water well is dry and the river is dry. That means no irrigation water for the orange groves. Without water the fruit trees will not produce good fruit or no fruit and that means more economic hardship. I've checked on having a deep water well drilled for our use but to much \$\$\$. We were laughed at for saving of drinking water. Now it is, "brother can you spare some drinking water?" We're privileged to help folks with drinking water. There are lessons that can be taught and learned on the importance of water. Water of Life: the Lord Jesus! With the shortage of water, it has given us more opportunities to witness!! Saying that, we still need your faithful prayers.

We face the same dangers moving about at night, no night driving unless it's necessary but we have to on church nights. Some watch the bad news on TV but we share the Good News the Jesus is alive and will save "Whosoever will come unto Him"! Our church services are doing very good.

Personal note: Our oldest son Tony, that lives alone in Abilene, TX, was hospitalized for several weeks because of blood and bone infection but he has returned home but has a long way in complete healing. When the Lord brings him to mind, please prayer for him.

We covet your prayer! I believe in prayer and I believe totally that God' answers prayer, according to His will. The prayer that will never be answered is the one that is never prayed. We do so believe in God's people praying one for one another! "Brethren, pray for us." I Thessalonians 5:25
