

Reaching every *Nation*
One *Ship* at a time.

Intern At the beginning of this month, we welcomed **Owen** to stay with us for a month. He is transitioning off the mission field of Zimbabwe where his parents serve as missionaries so that he can begin his adult life back here in the states. We were privileged to have him and pray that he will continue to seek and surrender to God's will for his life.

State Capitol Some dear friends from our sending church in Florida have been working on a project of preaching and witnessing in front of every state capitol building as well as presenting a Bible to each Governor. We were thrilled to join them for their outreach in Richmond, VA. After preaching and witnessing, they were able to get a Bible to **Governor Youngkin** through his born again secretary who assured them that if he were in the office he would have loved to have spoken with them. He wrote a letter of appreciation for the Bible.

The Kilted Muslim Akib is one of the 76,700 muslims living in Scotland. His mother is from Afghanistan and his father from Kashmir, but they settled in Scotland after the Second World War. Almost immediately after passing through the security gate, Akib asked me, (Scottish accent) "So, I am curious to know more 'aboot' this Jesus. What can you tell me 'aboot' Him?" We spent several hours together and although Akib did not trust Christ as his Savior, I believe he is one step closer than before. **Please pray for AKIB!**

What Must I Do To Be SAVED? Hearing this from the mouth of a lost soul is the DREAM of every serious soul winner. This month, as Owen and I preached the gospel to a van full of Filipinos, a young man named **Gregg** (bottom picture) was very obviously under conviction. As we dealt with the enormity of his sin and the severity of sin's penalty, he burst out with this question, "So, what do I have to do to be saved from my sin?" We had the JOY of showing him the answer given in Acts 16:31... *Believe on the Lord Jesus Christ, and thou shalt be SAVED!* After answering all his questions from the Bible, he said, "This is what I have been looking for my whole life!" I texted him the next morning and asked if he made the decision to trust Christ. He replied, "Yes, I have made my decision!" Please continue to pray for **Gregg!**
