It's hard to believe that it is already 2024! We are so thankful for God's faithfulness this past year and looking forward to what He will do in 2024. We are thankful for your faithfulness in praying and supporting our family this past year. We are also so grateful for the ones who sent us special Christmas gifts and cards. We feel so blessed to partner with you.

November and December were busy months here. We rejoice in the salvation of Cris! What a

blessing it is to see God save a soul. *Please continue to pray for salvation of souls and for growth of the new converts.* We had a lady's tea in December where several unsaved ladies got to hear a clear Gospel message. *Please pray for the seed sown.* Our church also got together to do some repairs and repainting of the building we rent. It was a blessing to see their generosity in giving and helping with the work.

As we look forward to a new year, we have many goals and desires. One of them is to buy property for the church. We rest waiting on the Lord for the right place, timing and for the provision of the necessary funds for this. As Proverbs 16:9 says, "A man's heart deviseth his way: but the Lord directeth his steps." We trust the Lord will direct every step of the way.

We have new prayer cards available. We had some sent out to each supporter. If we missed you or you would like to get some more, please reach out to us and let us know! We will be glad to get some to you.

We pray you will have a blessed 2024 and keep on serving Him faithfully, Alex & Jessica Lima
