

Reaching every *Nation*  
One *Ship* at a time.

**For Such a Time as This** Have you ever stopped to think about the importance of one moment? In one moment, a car accident can wreck your world. In one moment, the news of a new grandbaby on the way can bring tears of joy to your eyes. In one moment, you can pass from death unto life! Often, you have one moment to decide whether or not to speak to someone about Jesus or just let them pass you by. Don't miss your moment! This month, I went with some men from our church to our local U.S. Navy base to go soul winning. As we knocked on our second barracks door, we spoke to a young navy girl named Alexis. She had so many genuine questions that God's word answered for her! As we walked through the gospel with her, we could tell that her heart was tender and receptive. At the end of about 40 minutes, she knew exactly what she needed to do to be saved. So we left her in the Lord's hands and kept knocking doors for a while. Before leaving, God impressed upon my heart to go back to her door and speak with her. When she opened the door, you could see the change on her face. "Did you accept Jesus as your Savior?" I asked. "I did! And it almost feels like a weight has been lifted!" Alexis exclaimed. Praise God! She came to our house for dinner that Thursday, and then to church on Sunday. She fit right in and seemed to be growing quickly. Then, she called us and in tears told us that she was assigned to the wrong squadron and would be deploying immediately. Please pray that the Holy Spirit will use the Bible and the discipleship booklet we gave her to help her grow in the Lord during this deployment. **Please pray for Alexis!**(Also, pray for a young Israeli named **Ben** who I am witnessing to)

**Port Opportunities** With such a wide open door as this one, we desperately need more laborers! We are currently working on a booklet that introduces the port ministry and thoroughly explains the opportunities we have as well as what I have learned along the way. We are also more than halfway finished with our free online Bible School for seafarers!

**Homefront** On February 6th, our little "Bina" turned ONE year old! Boy, having children sure does seem to grease the clock of life! Haylee and I are so happy for a place to serve and thankful for your support! God bless you!

**Countries Impacted** Philippines, India, Bangladesh, Sri Lanka, Pakistan, Myanmar, Russia, Ukraine, Slovakia...
