Dear Pastor and Co-laborer,

MINISTERING

February - April 2024

MINISTERING THROUGH MISSIONS: For the first time for many, we boarded a plane and headed to an island off the north coast of Honduras called Roatan. This was our 8th missions trip as a church. We went to minister to the Sandres family who is one of the missionary families our church supports. Upon landing, we started working right away replacing

metal roofing and painting the outside of their educational building. After finishing the projects, we enjoyed some down time the last day seeing the beautiful parts of the island. What a blessing to be able to minister to another church ministry reaching the Hondurans for Christ!

MINISTERED TO PERSONALLY: On the heels of our mission trip, we had the blessing of being a part of the annual Come Away conference hosted by a fellow missionary friend. We always look forward to this time to come away and be encouraged, but we had no idea how deeply the Lord was going to minister to our hearts. We came away blessed and reminded of fundamental truths that caused us to rejoice in our Lord and His goodness towards our family and ministry.

MINISTERING TO OUR COMMUNITY: Many Hondurans strongly desire to become proficient in English. Our American staff members have banded together and created content to offer quality ESL classes for our community. They have used this class as one more means to proclaim the Gospel. A Bible devotion is shared every class and seeds are being sown.

MINISTERING THROUGH THE LOCAL CHURCH: Christ is still adding to His church. We continue to marvel at His amazing work in the lives of each person that opens their heart to Him. Cindy came to our church as a kind gesture in response to her sister's invitation. Her sister and her husband are active members in our church and started to be burdened about their family. Cindy was one of their prayer requests for some time. After several weeks had passed, she placed her faith in Christ. My wife had the privilege to disciple her and as a result of the lesson on baptism, she decided to take that step of obedience. Adilio was saved years ago, but there were strongholds in his life holding him back from taking the first of many steps of obedience to the Lord. He came the the end of that struggle and found strength and grace in the Lord to take that step. Noe was saved, but due to many difficulties, drifted from the Lord and church. He has recently found his way back in fellowship with both the Lord and our church. He said, "I have made a commitment to the Lord to follow and serve Him with my life". What a blessing to see God never give up on His children! Please pray for them as they continue in obedience to the Lord.

Because He Lives,

LeRoy Rolston & Family
