March April 2024

Dear Praying Friends and Supporters,

We have seen the burden of the Lord placed upon the Apostle Paul to “present every man perfect in Christ Jesus” at work in the churches we have visited recently. Our desire is for God to deliver the power promised in Colossians 1:29, “which worketh in me mightily.” In the midst of a society swiftly approaching the judgement of God our **voice, vision, and Victor** should shine forth as noonday at midnight.

During a missions conference in Kentucky, we were able to spend a few days with Dr. Hamby and Mrs. Karen. The children loved hearing his stories about past adventures and the preaching was some of the best and most convicting about the priority of getting the gospel out NOW! Titus and I were able to attend a preacher’s fellowship meeting during this trip as well. God allowed the opportunity to preach and book meetings to present the ministry. There were two **native Coloradans** at the preacher’s fellowship which are now living in Kentucky, and they were excited to hear about our family church planting in Colorado.

Support continues to increase at a steady pace, and many are planning to visit the work in Colorado in the future. While at a church presenting the ministry the children, **especially Priscilla**, enjoyed working in the print shop putting gospel booklets together. The stapler was the hot attraction!

All the travel, trouble, and testing during deputation comes full circle when God works His grace into the heart of another. At the end of last year, we received two phone calls within a day of each other and neither party knew the other had called. **Isaac and Rebecca** here at our home church and **Mark and Grace** there in Georgia called to tell us that God had burdened their heart to help in the church plant in Colorado. We are all excited to see what God will do in the days to come. “*All that are with me salute thee. Greet them that love us in the faith. Grace be with you all. Amen.*” Titus 3:15

Cultivating For Colorado,

Teddy & Crystal Angel
