Dear Pastor and Friends

Hope this letter finds you and your church family doing well. These first three months of the year are different from all the years of being here on the mountain. Hardly any moisture to be spoken of, and very dry conditions which are a recipe for extreme fire danger. We have already been in Stage 1 fire restrictions for a couple of months. I have never seen it this dry since we have lived here. Please keep us in your prayers.

I just want to give God the glory for the numerous visitors we have seen come to church. You know how it is, you go and invite and knock and invite, then there comes someone that you invited, it makes you feel like you were right where you needed to be. Some of the newer christians ask me when will people come? Basically I know what is happening. Satan tells them that they are wasting their time. People aren't interested, I remind them our job is to sow the seed and it is God's job to give the increase.

My wife and I were talking just yesterday about how we have seen the spiritual growth of a number of folks in the church. The responsibility of feeding our sheep doesn't get any easier, but is met with various challenges with the course of time. Trying to protect them in today's world can get blocked with the enemy's force. Thank God we can rest assured that His word will provide the help that we need for victory. We still have a number of people with substance abuse problems. Please keep them in your prayers, I just keep reminding them of the scripture "Nay, in all these things we are more than conquerors through him that loved us." What a promise He gives us, and then demonstrates it as we walk with Him.

Thank you for your faithful prayers and financial support so that we can partner together to build a ministry that preaches the word of God. Every soul that comes to Christ is the blessed fruit of laboring together.
