## FAMILY TO IDAHO

### Holiday Season

We have had a wonderful fall and start to our holiday season. God has blessed us with a steady flow of 1<sup>st</sup> time visitors and several returning visitors, many of which joined us for our Thanksgiving Sunday. Usually there is a little bit of a lull in the fall with winter preparations and hunting season, but this year God has helped us to continue strong in our growth and discipleship. Due to the high cost of living in our remote area we always have families moving away for more affordable places, but God has continued to replace them with new families for us to reach with His Gospel.

We have also seen some growth in our building projects with us adding a new metal roof to our Children's modular. Though we received a set back with the power company, \$13k to upgrade our power supply to run electricity to our property. We were able to have some temporary power run to allow us to continue use of our building this winter. Praise the Lord! Please pray with us as we save and raise the \$13k for the power to be run, and as we save a down payment to switch our Church financing from Owner Financed to a Commercial Mortgage. We have until September 2027 to complete our mortgage process.

Our preschool continues to go well and we are excited to have several visiting families this Sunday for our Christmas Program. Please pray for the Lord to use it for His glory and to grow His Church.
