Full of Gratefulness

The fall is a very busy ministry season for many, but we never want to allow the business to distract from the blessings. Our fall season was so blessed by all that God did and because of so many that labored alongside of us. Our church has been blessed to see prayer answered and people reached for the glory of God. This has been such an encouragement to their faith. Bible Baptist Church of WV, sponsored an evangelistic campaign in three main areas within our church's reach. We had hundreds attend the meetings and rejoice in the 2 salvation decisions that were made.

The word gratefulness falls short in expressing the privilege it is to daily influence 95 children with the gospel. The Hope team has rejoiced throughout this semester as one after another have comprehended their need of a Savior and put their faith in Christ for salvation. The ultimate goal is to see families reached through the faith of their children. Would you pray with us that more families would be added to our church through our school ministry?

The week of preparations for our annual men's conference took some unexpected turns. We had the program ready to print and then....one cancellation of a main speaker, and then 30 minutes later a flight cancellation of the keynote speaker. Now, what do we do? Well, we move forward in faith on our knees. In moments when everything gets turned upside down, it seems God's faithful hand works in the mightiest of ways. We had a record attendance, the altar full during each session, and two young men saved for whom we had been praying. Our keynote speaker finally arrived and God

continued to move. Lives were transformed, decisions were made, and a group of wonderful men walked away encouraged, equipped, and edified. We are grateful that we have the privilege, each year, to minister to the men of Central America through this conference.

We have seen a wave of youth showing a sincere desire to know and grow in the Lord.

This has lead several to salvation decisions and others to the first step of obedience, believer's baptism. We currently have 10 in our discipleship class and 4 others that will be baptized this coming Sunday. As more choose to step into a personal relationship with Christ, more will follow. Will you pray that this wave of new believers will become the next wave of world missionaries and pastors?

Because He Lives,
