

Reaching small towns in South Dakota

the Beaudoin Family

And he said unto them, Let us go into the next towns, that I may preach there also: for therefore came I forth. Mark 1:38

January 12, 2026

Dear Praying Friends,

As I reflect on the past few months and consider all the LORD has done in our life and ministry I cannot but thank Him for it all. We have had the opportunity to continue our ministry in Presho where we hold a weekly Bible study. Though we have not added any new people to the Bible study we have been able to help the mother and daughter that faithfully come every week. Please pray for them as they have a difficult home life.

There are times when I wonder if our ministry is making a difference in South Dakota because we do not see masses being saved or great crowds coming to the tent meetings or the Bible studies. However, last week I received several calls and texts from people who we have ministered to throughout the state. One gentleman, who had gotten saved, texted me and asked if I would pray for him because he was having some struggles. Another gentleman called to let me know that he appreciated our ministry and that we were seeking to reach his little city of Viborg. Another man called me from prison letting me know how the LORD is working in his life and to continue praying for his family. Instances like this help remind me that we are doing exactly what the LORD has called us to do and that the thousands of miles of travel are worth it.

Recently, I was taking our tent trailer back to Faulkton. I stopped at a rest area for a few minutes when as I was walking back to the van, I noticed grease all over one of the trailer tires. Upon close inspection I noticed that the grease seal had come off. Thinking it was a quick fix I dropped the trailer and went the 30 miles to Mitchell where I grabbed some items to make the repair. However, when I returned, I saw that the spindle was resting completely on the hub. After some prayer I decided to make some calls and have it repaired by a professional. Thankfully, I did because the axle had gone bad. Now I have a new axle which should give us many miles of use to get to the tent meetings. I would like to thank the Eastside Baptist Church of Sioux Falls and Pastor Jett for covering the bill.

We are thankful to the several people who have reached out to us about the Rushmore Project. I am working on materials to pass out, but I could use some help with a QR code and associated website as a way for individuals to get more information and locate a church in their hometown.

Josiah did not need a hairbrush for Christmas. As I wrote in our previous letter, Josiah's hair had been growing, and it was our hope that it might return in full. However, within a few weeks, his hair had begun to fall out, and now he has a smooth bald head.

In Christ

Benji Beaudoin
