Oct. Nov. Dec. 2025

Dear Pastor and Friends,

Greetings in the name of our Saviour. It is hard to believe that we are at the closing of another year. God has answered a lot of prayers for which we are grateful. In the last couple of months the Lord has been moving in the lives of our church. I'm seeing changes in the way folks are living and addressing their problems every day. With that being said, I try to fully prepare them to be on their guard against the enemy.

We are rejoicing the other day we had a 4th generation young boy give his life to Jesus. His great grandparents are some of our original charter members. This always is a spiritual shot in the arm to remind us that every ounce of energy put forth to present the gospel is of eternal value. Glory to God for His Glorious Gift to us! Please never ever underestimate that each thing we do as co-laborers together God multiplies it with His blessings. Knowing this sets a standard of conviction to warn others of the judgement of God.

The longer I live, I see how God gives each one of us opportunities to present the gospel for which I myself fail, thank God He forgives and gives other chances. I would like you to remember Sandy in your prayers. She is scheduled for knee surgery at the end of the year. I want to assure you and your ministries are in our prayers as well. Thank you for your prayers and financial support this year and for all the special Christmas offerings. Hoping this coming year we can all do more for our Lord.

Merry Christmas from the Quintana Family
