- ◆ **Rebecca's health:** MS, Shoulder.
- ◆ **Karla, Alexandra, Carter:** Wisdom for future decisions in their lives, college, career etc.

## Furlough

In January we began reporting to supporting churches, and visiting some new churches to try to raise up our support. Our goal and prayer is that 10 churches would begin supporting us.

In January and February we traveled close to Philadelphia and visited 20 churches and logged 500 miles. I also was blessed to preach 3 chapels at 2 Christian schools and a Bible College. This was a great privilege to be able to impact the next generation. We thank God for safety and for my brother who graciously lent us his truck while we are home on furlough.

We've now started longer trips. The whole family is traveling to Florida for a missions conference and to visit 3 churches. That trip alone will be 2,500 miles. Some trips, I will be making by myself because of schooling. The kids are attending the Christian school at Rebecca's parents church in Philadelphia.

## Brief Mexico Trip

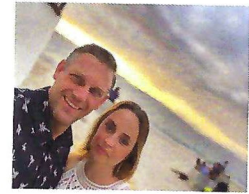

One of the families that trusted Christ recently gave Rebecca and I a week vacation at a condo in Puerto Vallarta for our anniversary. Although there was fighting and violence between the cartels and the government just a week prior in this same city, we were blessed to be able to still make the trip and spend a few days away. We also needed to go to Mexico City to take care of my residency card at Immigration as well as purchase a 3 month supply of Rebecca's medicine for MS while we were in Mexico.

While on this quick trip, it was awesome to be at 2 of the 3 churches started by our ministry. Jose and Joshua are doing a great job. God is blessing in a tremendous way. The brethren at Lighthouse had a special meal and fellowship after the service and everyone was so excited to see us.

We sat down with Joshua and Katye as well and planned out 2 very impactful plans for ministry. We are overjoyed to assist them in planting a new church with a target date of November 8th. Also we are putting together a Missions Trip Opportunity for around 30 people 2 weeks before to pass out invitations for the new church. If you are interested scan the code to the left.

*Jonathan & Rebecca (Feb 14, 2004)*

*Karla (15), Alexandra (14) & Carter (11)*

*"Take a risk before its too late to do anything."*
