

February-March, 2026

Dear Pastors and Praying Friends,

The celebration of Chinese New Year of the horse is over. We are thankful also for opportunities to meet new people and witness to them during the two church's New Year BBQ.

We have begun many new activities in both the Neipu and Mountaintop churches. But first, let me back up and report that my surgery in January to remove a bone spur that was pressing on my esophagus was successful. I can now eat and swallow normally. Thank you so much for your prayers.

We have begun a new semester in the Bible college. I am teaching the Book of Genesis. We have a total of 7 classes being taught.

During the month of April we will go to schools and other facilities for our Easter outreach program, beginning on April 1. We have around 1,200 people signed up to hear the resurrection story. Please pray that there will be people saved after hearing the gospel message.

Both churches have been having visitors come to the services and children's clubs. We pray they will make decisions for Christ. Jeanette continues to go to an elementary school once a week to teach Christian character lessons. We also have had some first time visitors come to church from the tract distribution we do twice a month on visitation. We are thankful for those who go out regularly and help with this ministry. Thank you for your prayers and faithful support. We are very grateful.

In Christ's service,

Keith and Jeanette Cullers
