Dear Pastor and Friends,

Greetings in the name of our Lord and Savior. Hope this letter finds you and your church family doing well. I know everyone is on pins and needles with the current war in Iran. I know it is our responsibility to be praying for all that are involved at home and abroad. Our church prays for every service for all of our active as well as retired military personnel. God is our only Hope through all of the war as well as the civil unrest here in America with the people marching and promoting the pagan religion of Islam.

It is a sad hour in our country that so many people don't care that the very core of our christian values are now being challenged throughout our nation. God is going to hold us accountable for the truth. With this in mind, it is evident that many need to be saved throughout our country. The need of preaching the gospel to every corner and gap of this great nation.

The church is doing good. We had a Marriage and Family meeting in March for 3 days. Brother Chuck Perkins , Director of Hope for Homes Ministries, did a great job presenting the responsiblites shone from God's word the importance of having a Godly home and marriage. Our attendance was great each night . We appreciate all the prayers we can get as we go out door knocking to reach our area. Recently it seems that a lot of folks just don't want to even give us the time to introduce ourselves , before telling us they are interested. I thank God for those who go out faithfully despite the fact that we get turned away that rapidly. I just tell them that all of us used to be the same way before we were saved . But in today's culture people seem to be more bold and godless without remorse of consequences of their actions .

America is a mission field that must not be forgotten. I'm thankful that God has given me a burden to serve and minister here in our great land. I want to say thank you to each of you for laboring together and supporting the ministry of God. It takes everyone of us to be faithful to do God's work here. Just a couple of weeks ago I had the privilege to be on the ordination council of a young preacher that also realizes the need of preaching the gospel of the Lord Jesus. If every one of us do our part then I believe that we can make an impact on the areas where we each live.
