May 2026

Dear Partners in Ministry,

We want to thank you for praying during my (David's) chemotherapy. I recently completed a twice-daily regimen. The Lord gave me grace as I was able to continue preaching while undergoing treatment. There were definitely some side effects, such as bruising and various levels of discomfort, but we think that the ministry did not suffer. The folks at church spent much extra time praying for me, which bonded our hearts. There was one active cancer spot which has been removed for examination, but I feel strong. We will not be putting ministry on hold, but there are some tests being done to determine the source of new symptoms which are unrelated to my cancer. I am consulting with specialists and hope to know something soon. We'll keep you informed.

We are still praying for the men in our church as well as those who are living near the church building. Please specifically pray that the men will put a priority on growing closer to the Lord and leading their families. Please continue to pray for Angelia by name that her health will remain strong.

If any of you feel led by the Lord to help with this, there are two openings to sponsor a scholarship for an honor student. These youths consistently rate in the TOP TEN in their schools. The cost is $25/month per student, and these are all faithful members of one of our three churches. We offer these scholarships because students in Belize are responsible for paying for their own education if they wish to attend past sixth grade.

Thank you for praying,
David and Angie Harper
