Quarterly Newsletter

May 2026

Greetings from the Home Office of Macedonia World Baptist Missions. The Lord has been so gracious to us, and for that, we are thankful. We rejoice in the way God is using Macedonia to fan the flames of world evangelism.

New Missionaries

The Lord has blessed, and we have recently approved two new missionary families. The Isai Vasquez family are missionaries to Peru. We are also blessed to approve a new family going to southeast Asia. We will not mention their names due to potential security concerns. Will you pray for these families as they begin their deputation? If you would be interested in learning more about them, you may contact us at the office. At the end of April, we held a time of orientation training with them in our Missionary Training Center. This is a time to help prepare them for deputation. We are trusting the Lord to raise their support and get them to the field soon.

Youth Conference 2026

On April 18, a great number of people gathered in our Missionary Training Center for the Reach the World Youth Conference. The Lord blessed the entire day. We are praying that God would use this day to challenge everyone that was gathered regarding their part in world missions.

Refresh Week 2026

June 22-25 will be a great week for our missionaries. We will gather once again in our Training Center for a time of fellowship, encouragement, instruction, and challenge from the

Word of God. Many of our deputation and furlough families will join us for these days. We call it Refresh Week because it is our desire to refresh them in the work that God has called them to. Will you help us pray that God will give us a great week together?

Training Center Roof Project

As you can see, the Missionary Training Center building is a vital part of the ministry of the Home Office. We use it regularly. As with any building, maintenance must be done to keep it functional. With the Lord's help, we have replaced the roof on every building on our property with the exception of the Training Center. We now see the need to repair this roof as well. We have done our maintenance on the metal roof in the past, but now something more needs to be done. After much research, we have found a product that can be sprayed on to enhance the life of the roof and prevent leaks. It contains a great warranty. The cost of this will be close to \$35,000. So far, we have saved up about half of the money. Will you pray the Lord will send in the remaining needed funds? If the Lord would lead you to help us with this, you may designate your gift to the Roof Project.

Thank You

We are thankful for your faithful prayers and support for our Home Office and staff. We could not do what we do without you. Your faithfulness makes a difference in the lives of every Macedonia missionary. Thank you for being part of reaching the world with the Gospel.
