Philippians 4:17- "Not because I desire a gift: but I desire fruit that may abound to your account."

Half way to the Netherlands! **Update letter for Apr-Jun 2026**

We have officially been traveling on deputation for 9 months. Part of me feels like we are just getting started, but our statistics tell a different story. The Lord has blessed us in more ways than we even realize. As we have traveled to 6 different states over the last 3 months, many churches have decided to partner with us. By God's grace, we have reached 52% of our monthly support goal! Praise God! Since the Netherlands is one of the most expensive countries to move to, we were mentally prepared for it to take longer to hit 50% of our goal. God is too good to us.

From the moment that I stepped down from pastoring, I asked God for one thing... I wanted God to continue to use my family and I for his glory. I didn't want to spend the next two years raising monthly support while waiting to be used one day in the Netherlands. Thankfully, God has allowed us to do just that. Over these past few month months, we have been able to see souls saved, gospel tracts passed out, pastors encouraged, and altars full. I've also been able to help a few different churches out with free graphic design projects (websites, tracts, invitations, etc). Ever since we designed our own personal gospel tracts, we've noticed that God keeps sending people our way in search of help. We are doing our best to take advantage of these opportunities that God puts in our way.

Typically, I am a careful planner. I like to make sure everything is well thought out before we make any big decisions. This certainly applies to deputation. We started deputation with a 2016 Ford Edge. It had 84k miles, brand new tires, and was paid off... the perfect deputation vehicle. After two weeks, the engine went out, and we were forced to trade it in for little value. To be safe, we got a 2023 Ford Explorer XLT with 45k miles. It lasted 9 months, and the transmission went out at 63k miles (the warranty expired at 60k). Apparently, we are bad luck when it comes to vehicles. So, now we have a 2024 Honda Odyssey and are praying that it will last the next 9 months. Through it all... God's been good!

Because of the fast pace that God has allowed us to be on, our current goal is to be done with deputation around the end of March 2027. That would be a total of 18 months from beginning to end. We are praying for more churches to continue to take us on for monthly support.

In the beginning of October, we will be taking a 10-day trip to the Netherlands. Ava and Ella didn't get to go with us on our survey trip. So, we want them to be able to see the country before we move there. During this trip, we will begin looking into places to live, touring Dutch schools (we are no longer allowed to homeschool), and making plans for the future. This trip should cost around $8,000. Please pray for our girls as they see their new home country for the first time.

Our Top Prayer Requests

Safety on the road **|** Funds for our trip to the Netherlands in October (roughly $8,000) **|** For God to prepare a place for us to live once we arrive in the Netherlands (our goal is spring of 2027)

God bless,

Ty Campbell
