Hope this letter finds you and your church family doing well. It is hard to imagine that our country is about to celebrate its 250 year anniversary. The founding fathers of this nation had been through enough religious dictatorship that they had well thought out what the leadership of a new founding country should be established on. God and the Bible, with that in mind, may our great Saviour continue to give our present leaders the wisdom to lead this nation back to God ! There are many in this country who do not care about the spiritual condition based on their decisions, not promoting moral values , they wonder why things happen as they do. Praise God for those folks who still believe in standards and morality ,having Christian beliefs of the eternal Word of the Almighty God." The fear of the Lord is the beginning of wisdom" This is how we as churches build a strong foundation through our communities to lead by example . I realize all of us deal daily with those who wonder why church people make different decisions and choices, to make sure others know about the way our country's leaders need the support of the nation and churches.

Praise the Lord we had another young 8 year old ,gave his life to Christ ! What is amazing is this kid is never vocal about anything , he now talks and responds about being saved. His smile makes you want to shout. He is a walking miracle when he was born he weighed only a couple pounds the church prayed , he was in the baby ICU for weeks not expecting him to live or to have a normal life. That just shows the power of God through prayers.

The church is doing good . We still need others to step up and help with Sunday school and nursery. We don't have anyone to play the piano or organ so we have been relying on CD's with the hymn music that goes along with our hymn book . These have worked great for a number of years , now the equipment has been giving us issues . We purchased new stuff and now the same problems again. Please pray for us to know what to do or that God would send us a musician or lay on the heart someone in our church to serve the Lord in this work. Thank you for your faithful prayers and support so that we can labour for our Lord in the Harvest !
