Missionaries to IDAHO

July and August 2026

It is amazing to us that summer has come and gone since our last prayer letter. In June, we had a young man named Andy visit with us from a supporting church in SC. He spent 2 weeks with us exploring the area and doing all the ministry things we are continually involved in each week. The first Wednesday Andy was with us a man entered the church right as we were closing the service. He sat quietly and waited as everyone left. Dawn asked him if he was okay as I was walking up to see how we could help him. He began to share about how he has tried to be a good person and had done so much good for God. He mentioned how he had just come from a mission trip, and I was amazed at the wealth of knowledge he had concerning the Bible. The sad part was he knew something was wrong or missing, and after a lengthy time listening and sharing things with this man, he asked the Lord to save him! I have always heard and shared that many very good people are only 18 inches from hell. Having head knowledge is not the same as heart knowledge. Knowing everything in the Bible and being a good person won't get you there! You must be born again and allow Jesus to change you from your heart outward. Andy was also able to bless us with his musical talents at church, and he went with us to home visits and our nursing home rounds. We believe he enjoyed his time here with us, and we are excited to see what God does with Andy in the coming years.

We celebrated my birthday in July, and Dawn's uncle did make a stop as he was passing back through from his Alaska trip. God answered prayer in that we asked God to allow them to attend church if they came back through. Although he didn't get saved when here, I do believe God is working in his heart. Please help us continue to pray for Kevin.

I was able to safely go and come back each evening to teach VBS and assist with the activities in Montana. They did a carpenter theme, and all the kids were able to learn how to use several different kinds of power tools including a wood burner. Timothy really had fun with the wood burner, and I have to admit I'm glad the kids learned a few skills, but I am also glad the hammers have stopped banging in my head.

We were thankful to have the Wall family with us at the end of August. The visit was planned several months back, and it happened to be the very week we would hold a joint VBS with New Life Baptist in Pinehurst. The Walls were able to be with us daily, and then each night, we all worked the VBS. God really encouraged our hearts by having them here to share various struggles and ideas of ministry and church planting. I am thankful for their love and support to our family and church.

We began our 25'-26' school year at the end of August as well. As sad as it is to see the beautiful summer months go, we are thankful for another season of change. Jay is working through his Senior year and will graduate in Boise in May. We are currently working on his resumes for college and applications for various scholarships as he continues his education in Computer Science.

I would like to ask you all to please pray for me as I will begin teaching a college class in Washington at the end of September. This class is a 12-week course, and I will have to travel there and back every Thursday. Also, please pray for us as we will be holding revival with Bro. Austin Elkins the first week of October.

As always, I would like to thank you all for your prayers and support. Without each of you we couldn't do the work we do here in Idaho.

Blessings,

Pastor Ray Godfrey
