July – August 2026

Dear Friends,

Thank you again for those that made it possible for our entire family to go to Brazil. Precious memories were made. It was an honor to translate for Dr. Caudill preaching while he and Mrs. Cassie were there. I am also very grateful for the opportunity to preach and sing at 3 of the churches while also preaching at Camp Areté for a monthly youth meeting. God moved in a mighty way in all the services. Three families and a couple individuals publicly announced their surrender to what God will have them to do (regarding starting the next churches). One family feels that God is dealing with them regarding missions. Praise the Lord! It is exciting to see and have the privilege to work together with these national pastors, who are continuing the work that the Lord used my dad to start 45+ years ago. Continue to pray people will continue to listen to God's call and answer with their lives for His service.

As soon as possible, we will continue to visit our team in South America. I am praying that the Lord will work out the logistics and finances to visit the Muscott family in Guyana before the end of the year. I am already planning a trip to see the Lima family in the northern part of Brazil in February. Then, we plan to visit the Allen family in southern Brazil somewhere between March-June next year.

Our support level continues to grow little by little. I would love to see 10-15% increase by the end of the year. Will you pray that God will open the doors to the right churches where this need can be met? This will allow me to focus solely on meeting the needs of the missionaries, national pastors, and the home office as needed. If you support us already, thank you for your faithful support. God is moving and using us already. The fruit will abound to your account!!!

Lastly, I would love to recommend the Larson family to Iceland with MWBM, who are also sent out of my home church. They only need 3 more churches to take them on for support to be at 100%. They are also raising funds for moving expenses. You can contact them through myself or our home office. Please consider them as part of your missions extension. Thanks!
